City Manager/Clerk

August 13, 2014

Dear Fellow Resident,

I am sorry if you have been affected by the recent flooding. The following information is intended to assist you with remediation efforts:

- 1) There will be an extra trash pickup day on your block on Saturday, August 16<sup>th</sup>. The city's solid waste hauler, Rizzo Services, will take all flood damaged material except drywall, wood and other demolition debris. Public safety has been requested to make extra patrols in your area to deter scavengers.
- 2) Starting tonight at 6:00 PM, dumpsters will be available at the city DPW yard at 6685 Ten Mile (corner of Ten Mile and Sherwood) to accept flood damaged material, including drywall, wood, and other demolition debris. They will continue to be available from 8:00 AM to 8:00 PM through Saturday. Additional days will be scheduled if necessary.
- 3) The governor has declared the tri-county area disaster area. That may mean that federal funds could become available to assist flood victims, but does not guarantee it. Information will be posted on the city's website ([www.centerline.gov](http://www.centerline.gov)) and on the city's cable channels (Comcast channel 5 and WOW channel 10) if applications become available.
- 4) Sewer claim forms are available at city hall or can be downloaded at the city's webpage. Since this storm far exceeded anything the storm system was designed for, it is unlikely that the city will be able to grant any claims, but anyone filling out a claim form will be notified if any sort of federal money becomes available.

Please call my office (586) 757-6800 if you have any additional questions or concerns.

Sincerely,

John Michrina, ICMA-CM  
City Manager/Clerk
